

UCS GROUP QUALITY POLICY

UCS Group Pty Ltd (UCS) is recognized as an industry leader in the design, installation and management of underground electricity distribution, telecommunications, infrastructure and sustainable electricity projects.

This focus on customer service, coupled with competitive pricing, a strong management group, and a highly skilled and motivated team of technicians, has seen UCS develop strong market presence.

The scope and context of this policy covers all UCS companies' operations and business support functions whether office, depot or site based.

The scope includes –

- **UCS Power** - design, supply, deployment and auditing of electricity underground cable networks for Urban Residential Developments (URD)
- **UCS Comms** - telecommunication installation co-ordinated with URD electricity network installations
- **UCS Infrastructure** – supply and installation of cabling networks for electrical network, rail and mining infrastructure within both the private and public sectors
- **UCS Sustainable Energy Solutions** - rooftop and ground mounted solar and battery solutions
- **UCS Sustainability** – design and construction energy efficient solutions incorporating 'green' products
- **UCS Overhead Services** – Installation and maintenance of overhead powerline
- **UCS Signals** – Installation and maintenance of traffic signals and road safety electronic systems

Our quality policy is to:

- provide efficient and highly professional services and products that delight our clients and that fully satisfy their requirements;
- continually improve the effectiveness of both the quality management system and the provision of all our services;
- ensure all staff are trained and briefed about all the quality documentation so that they can implement the policies and procedures in their work;
- comply with all relevant industry, stakeholder, legislation and regulatory requirements.

Top management is responsible for implementing the Policy.

This will be achieved by:

- establishing, implementing and maintaining a quality management system certified against ISO 9001:2015.
- setting and reviewing measurable quality objectives and ensuring those objectives are met;
- providing the necessary resources and ensuring responsibilities and authorities are determined and communicated throughout the UCS business;
- reviewing the effectiveness of the quality management system and assessing opportunities for its continual improvement;
- seeking structured feedback from our customers;
- ensuring everything we do is always carried out in accordance with stated methods and customers' requirements.

This policy is displayed at each of our offices, on our website on CobNet and within our Business Management Manual and is made available to all interested parties.
